September 15,1987

Dear Directors of the MKPS,

Our summer of research in Mineral King is drawing to a close with the approach of the Fall weather.

We have not found time for a meeting of the Board of Directors to give you a full report as yet, but the enclosed letters and articles will keep you up to date.

The MKPS Display at the Ranger Station in Mineral King has been most successful despite the fact we were unable to get the captions on our artifacts. Bill Tweed was in the back country for a month--the fire on Case Mountain delayed our receiving approval of the captions for the display. Betty Knight informed me they would like to have the display again next year in the Ranger Station!

The Mineral King National Bank (members of the MKPS) would like to have the display of the MKPS in their bank for the winter with the approval of all concerned. Stony Savage is making the arrangements with Mr. Larry Bibbens, President and Manager of the Mineral King National Bank to put the display in the reception area. The address of the Mineral King National Bank is 701 W. Main Street in Visalia. We will need help in transporting these artifacts down the hill--do we have any volunteers--please call Stony!

Enclosed is the announcement of the 2nd Annual Conference for Historic Preservation, October 14-16, 1987 in Hanford, California. If you are interested in attending, and it is so close by, please call Ora Kay. State Historic Officer, Kathryn Gualtieri will be the main speaker and moderator of the meeting.

Sincerely,

Executive Director

P.S. Please excuse the quick assignment of officers in the letter to the Western Region of the NPS. This had to be done because of time and convenience of getting the letter off.
